WORK EXPERIENCE

June 2020-
January 2025

Designer | Studio SkH | Seattle, WA

- Created detailed construction documents and coordinated with the City of Seattle, developers, contractors, and engineers to integrate structural, mechanical, and electrical disciplines at a startup architecture studio.
- Produced BIM models, renderings, presentations, design options, and as-built drawings for various project stages, developed and maintained comprehensive schedules, produced shop drawings for glass, steel, cabinetry, and custom furniture.
- Reviewed & red-lined submittals, shop drawings to ensure adherence to design intent and project specifications.
- Designed and maintained the company's website & social media to enhance online presence & client engagement.

August 2016-
March 2020

Assistant On-site Construction Manager | Hernandez Construction | Poulsbo, WA

- Directed construction crews, subcontractors, and consultants to ensure safe, timely project completion.
- Prepared status reports on permitting, job progress, and administrative tasks while monitoring daily site operations.
- Ensured adherence to quality construction standards through regular site inspections and coordination.

August 2016-
March 2020

Designer | GPD Group | Seattle, WA

- Conducted building surveys, built as-built 3D models, implemented firm design/documentation standards, working knowledge of codes, standards and building construction methods
- Coordinated with clients, developers, landlords, and government agencies to meet project requirements.
- Delivered retail and interior fit-out projects from SD through DD phases, meeting strict deadlines.
- Collaborated with internal and external teams for redlining, permitting, and construction administration.
- Curated sample boards and assisted with the print, sign, seal & send submission process

May 2015-
August 2015

Project Designer | Marous Bros. Construction | Willoughby, OH

- Measured and assessed existing building conditions while researching the historical significance of projects.
- Assisted with historical preservation accreditation research, contributing to successful project recognition.

LEADERSHIP & SERVICE EXPERIENCE

September 2013-
Present

Office Champion | GPD Group | Seattle, WA

- Allocated \$12,000+ in grants & outreach to local charities, fostering community support

Vice President | American Institute of Architecture Students | Kent, OH

- Connected with AIA Akron and Cleveland to coordinate AIAS lecture series, organize retreats and leadership conferences nationwide
- Fundraising Committee Head - derived ways to improve organization and led fundraising efforts while providing networking opportunities to chapter members
- Armstrong Gallery Curation & Installation- aided acquisition and installation of gallery exhibits
